Help with Measurements

1 CHEST

Using a tape measure, take the total measurement around the fullest part of your chest, holding the tape horizontally.

2 WAIST

Run the tape around the narrowest part of your waist holding the tape horizontally, midway between your bellybutton and your rib cage.

3 HIPS

Stand with your feet together and measure around the fullest point of the hip, keeping the tape measure horizontal

Performance Jersey

The 1817 Performance Jersey is a technical fit garment utilising specialist fabrics in key areas for maximum aerodynamic and speed gain. The Performance Jersey offers precise patterning and a slim athletic cut to maximise advantage in the riding position.

Basic Jersey

The 1817 Basic Jersey offers a high quality entry level garment at a competitive price, ideal for casual, novice and sportive riders. This Jersey is designed for those looking for a quality jersey with a technical, breathable fabric with a great comfortable fit.

Gilet (Water resistant & windproof)

A quality Gilet is the cornerstone of a cyclist wardrobe. The 1817 Gilet is extremely packable and remains the go to for those in-between moments when a jersey isn't warm enough and a winter jacket would be too much. A close to the body fit, whilst the gripper keeps you comfortable on the peddles.

Winter Thermal Jersey

A long sleeve high end cold weather Jersey made from the finest Italian fabric for riders looking to stay aero and comfortable without freezing. Designed for the colder rides when the mornings are fresher and the night skies darken early.

Bibs

The 1817 bibs are made with a high end highly breathable Italian fabric. A new and carefully elaborated braces ensure a comfortable fit and strategically placed inserts provide breathability for the most comfortable ride.
