5) Review of 2024

- Successful 2024 with lots of good rides going on. In addition to the normal Saturday and Sunday socials, The Lazy Lunchers and Thursday WSW rides have been successful and well attended. Great to see these rides taking place, as it's all about getting out on the bike and enjoying the riding. There were also record numbers of riders on both the Saturday Social and Wednesday Knightriders over the course of the year.
- There have been several new starters with the club this year, which is great to see, and hopefully we can continue to welcome more new members in 2025.
- Special recognition for Neil Frost for an amazing year in the saddle – 22584 miles and over 1,000,000 feet of climbing!
- Special recognition to David Springett, for his dedication to the club from the very beginning. 10 years of support and guidance. Thanks David.
- Roll on another successful year in 2025.....

6) AOB

- Potential for a treasure hunt/orienteering event to be organised.
